A stomachful of undigested food is about as unhealthy a mass as one can well imagine.

What can be done with it? There it stays. It won't digest. It churns up, ferments and decays; becomes poisonous (as all putrid matter does) and causes great pain and deep-seated disorders.

In order to change all this, take Shaker Digestive Cordial. It stops fermentation and decay at once, so that no more poisons are created.

It clears the stomach of poisons already there. It helps to turn the food that remains, into healthful nourishment. It strengthens the stomach for the next meal.

Here is the whole philosophy and cure of indigestion in a few words. And what's more, it's all true. Try it. Shaker Digestive Cordial is for sale by druggist, price 10 cents to \$1.00 a bottle.
